## MEMORANDUM FOR SECRETARY KISSINGER

FROM:

JAN LODAL *put*

SUBJECT:

President's Quarterly Report on Soviet  
Strategic Forces

Attached is the latest version of the President's Quarterly Report on Soviet Strategic Forces prepared by CIA. Since there is nothing of particular interest to highlight to the President this past quarter and since NIE 11-8 on strategic offensive forces is due out in the near future (we are currently reviewing the draft), we have not prepared a memo to the President to forward this quarterly report.
